- Four Colours + Metallic Silver Ink

Add Value to your Business with Metallic Prints

- Four Colours
- Four Colours + Metallic Silver Ink

POS and POP

- With the BN-20, you can produce POP displays in unique shapes and colours that attract attention and drive retail sales. Create a single POP or an entire campaign, profitably, with all the convenience of our easy-handling 220cc ink cartridges.

Mobile Phone and Laptop Wraps

- Roland Print&Cut versatility enables you to print and digitally die cut graphics in one seamless workflow for custom labels and decals, including mobile phone skins, laptop wraps and more.

Cut Vinyl Signage

- From pinstriping for vehicles and motorcycles to window signs and displays, contour cutting is essential to your production workflow. The BN-20 enables you to cut vinyl signs using a wide variety of fonts.

Labels and Decals for Outdoor Display

- The BN-20 comes with award-winning Roland ECO-SOL MAX ink for outdoor signs, labels and decals. Graphics are easy to produce and durable up to three years outdoors without lamination.

Posters and Decals

- Using Metallic Silver ink, you can add luxurious accents and premium value to posters, decals and photographic reproductions.

Heat Transfers for Garment Decoration

- Right at your desktop, you can print quality heat transfers and contour cut them into any shape for stylish results. Apply Metallic Silver ink for hundreds of striking metallic colour effects.

Window Signs

- Make shop windows come alive! See-through window displays are easily produced using transparent media. The effective use of white ink adds impact to display graphics.

Labels and Decals

- Handle short runs for transparent stickers! Transparent labels and decals give a luxurious feel. Now you can handle short runs for teams, clubs and other groups.

Package Designs

- Low-cost prototypes for design proposals. The BN-20 gives you the freedom to create package design prototypes on silver media. This increases your ability to offer winning proposals while minimizing costs.

Heat Transfers for Garment Decoration

- Roland Print&Cut versatility enables you to print and digitally die cut graphics in one seamless workflow for custom labels and decals, including mobile phone skins, laptop wraps and more.

A Complete Solution on your desktop

- The BN-20 enables you to print graphics up to A2 size or 480 mm wide (18.9”), including crop marks for easy finishing. Featuring its own print management and design software, the BN-20 is a complete business solution in a box.
